Retreats and Training Dates

At Camp Klotty Pine, we strive to have the best for our campers. In order to fulfill this expectation, it is essential to train, practice, plan and prepare our leaders for the upcoming summer throughout the year so they are well equipped for when campers arrive. Retreat weekends and training assignments are made for this purpose.

LITs are required to attend trainings where participants learn in depth about their new role and the foundational skills of the program that will prepare them for the upcoming camp session. Trainings provide a valuable opportunity to meet other LITs and receive thorough, hands-on training as a collective group.

Participants are required to attend all retreats and fulfill training assignments. If you are unable to do so, contact Kailee to discuss and reschedule a makeup opportunity.

Expert Online Camp Training Video Assignments

During the months leading up to camp (April- July), participants will be given monthly camp staff training video assignments that cover a range of topics from diversity to discipline. Each assignment will average 1-2 hours of videos and comprehension quizzes that can be done on the participants own time, and pace. These videos help our camp staff meet camp accreditation standards.
