

AUGUST 3 - 8, 2025

The mission of Great Lakes Hemophilia Foundation's Camp Klotty Pine is to enhance the lives of children affected by a bleeding disorder by providing life-changing camp experiences that are exciting, empowering and educational, in a physically safe and medically sound environment.

ABOUT CAMP

Camp Klotty Pine creates magical, life-changing experiences for children living with a bleeding disorder. At camp, children develop confidence, independence and build life-long friendships and memories while they swim, canoe, hike, and learn outdoor skills. Camp is also a place of encouragement, mentoring, and education for kids learning to self-infuse and enhance their role in self-care, a skill essential for life.

Camp is nestled in the rolling hills of the Kettle Moraine State Forest at Camp Turning Rivers. The property is adjacent to the Milwaukee River and surrounded by hundreds of wooded acres making it a perfect setting for Camp Klotty Pine.
